Order Requesting Comments Regarding Current Procedural Schedules

SUBJECT:

[DOCKET NO. 2013-208-E](#) - Application of South Carolina Electric & Gas Company for Approval to Continue Demand Side Management Programs and Included Rate Rider, and for Approval of Revised Portfolio of Energy Efficiency Programs;

-and-

[DOCKET NO. 2013-92-A](#) - Procedural Schedules for Demand-Side Management/Energy Efficient Programs of Duke Energy Carolinas, LLC, Duke Energy Progress, LLC, and Dominion Energy South Carolina, Incorporated (f/k/a South Carolina Electric & Gas Company) - Staff Presents for Commission Consideration a Discussion Regarding the Procedural Schedules in the Above-Referenced Dockets and a Request for Comments from Interested Persons Regarding Current Procedural Schedules in the Above-Referenced Dockets.

COMMISSION ACTION:

In 2013, by Order No. 2013-147, the Commission set procedural schedules for DSM and EE filings of the utilities. Since that time, that schedule has been modified by Commission Orders including Order Nos. 2014-766 and 2021-505. Modifications to the schedule over time may have resulted in some inconsistencies. As a result, the Commission and stakeholders need to revisit the EE/DSM procedural schedules for the utilities to make sure all parties' due process rights are being protected, and that there is adequate time afforded for intervention and for intervenors to file comments.

I move that the stakeholders file comments on the existing EE/DSM procedural schedule no later than thirty (30) days from this decision and ask that they address the time for notice of intervention, notice to customers, the sufficiency of the time allocated to the parties, and any other pertinent procedural timing parameters that need to be considered.
